

Lucky® the Preparedness Dog has created something really special for everyone: Lucky® Face Masks! During COVID-19, Preparedness has new meanings, and just like Superheroes wear masks, now you get to wear masks, too!

Masks are really important right now because they help keep the virus from spreading. They should be worn any time you go out in public or come in contact with other people, and when schools open back up, they might even have to be worn there, too.

After you use a cloth mask, it needs to be washed, so remember to have another mask as a backup!

Face Covering Do's and Don'ts:

DO:

- Make sure you can breathe through it
- Wear it whenever going out in public
- Make sure it covers your nose and mouth
- Wash after using

DON'T:

- Use if under two years old
- Use surgical masks or other PPE intended for healthcare workers

During these times, what is really important is remembering all the rules about masks, hygiene, and social distancing. So, make sure to always wear a mask in public, wash and sanitize your hands as much as possible, and try to stay 6 feet away from people who do not live with you.
