

Lucky®

Lucky® the Preparedness Dog says, “Sometimes it can be boring to be at home all day, but there are a bunch of cool things you can do at home! Talk with your parents about coming up with fun, new ideas for staying busy during the quarantine!”

One of the best things you can do is be creative! Find coloring pages online of your favorite animals, TV shows, or even just things you find interesting! Use markers, paint, or Lucky’s® favorite, crayons!

You can color pictures to keep at home, give to family members, or give to someone who needs cheering up, like the heroes who have been working hard trying to make sure everyone is safe from this virus!

Think about coloring a picture for:

- Nurses and Doctors
- Police Officers
- Firefighters
- Grocery Store Workers
- Service Personnel and Caregivers

**Everyone could use some cheering up during times like these!
Think about using your time inside to make our heroes happy!**

Security Sense is Common Sense
